### **Top Haircut Trends for Summer**

#### **The Bixie Cut & Butterfly Bob:**

As mentioned in our socials lately these are the summer cuts in demand and are such lovely styles.

They offer a perfect middle ground featuring choppy, face-framing layers and soft bounce that require minimal styling. If you have good texture you can even get away with wash & leave with these particular cuts.

#### **The Soft Long Shag:**

For a longer length Bidding farewell to harsh blunt lines, '70s-inspired shaggy layers and soft long, wispy fringes/bangs are back.

They did not go away for long just down to how they can help to dress a longer style up.

Even if in a top knot pull a few slices of bangs down & it add nice detail to the front of your hair.

#### **Invisible Long Layers:**

For fine or thin hair, or extra long hair, almost seamless layers are trending to create the illusion of fuller, lush movement.

Rather than heavy layers on top the invisible layers sit under almost like scaffolding.

It's a more subtle way to layer and not for everyone but great if you're worried to try layers.

## Ren Salon Barber Trend Talk:

The brow flow is where it is at, more length soft bounce or waves.

The perm trend carries on but with softer more volume based waves.

So much bigger rollers used for the perm.

The mullet with the soft waves is nice look & that's been great to see after such a long time of skin fades.

Don't get me wrong the skin fade is still strong in demand.

But it's great to see the bars increase in some more softer looks in the barbering chair.

## Nails & Brows:

We have Jen available for gel nails and pedicures & BIAB nails.

Olivia for nail extensions & eyebrow shapes. For our nail or beauty services it is best to book in advance.

## Salon Hours Update:

It's been a while, but we have now gone back to opening until 4pm on a Tuesday, by appointment.

We don't recommend walk in appointments because if the team have completed their bookings, they can some time leave before closing time so it's always best to book.

Senior Stylist Amanda works until 4pm now on a Tuesday and finishes at 5 pm on a Thursday.

We still have the late closing on a Thursday 6pm & Senior Stylist Nikki & Ella are the stylists available.

Keep checking our social media or join the text register to be the first notified of offers or limited promotions.
